Civility: Being "civil" is not a restraint on the First Amendment right to speak out, but it is more than just being polite. Civility is stating your opinions and beliefs, without degrading someone else in the process. Civility requires a person to respect other people's opinions and beliefs even if he or she strongly disagrees. It is finding a common ground for dialogue with others. It is being patient, graceful, and having a strong character. That's why we say "Character Counts" in Town of Loxahatchee Groves. Civility is practiced at all Town meetings.

Special Needs: In accordance with the provisions of the American with Disabilities Act (ADA), persons in need of a special accommodation to participate in this proceeding shall within three business days prior to any proceeding, contact the Town Clerk's Office, 155 F Road, Loxahatchee Groves, Florida, (561) 793-2418.

Quasi-Judicial Hearings: Some of the matters on the Agenda may be "quasi-judicial" in nature. Town Council Members are required to disclose all ex-parte communications regarding these items and are subject to voir dire (a preliminary examination of a witness or a juror by a judge or council) by any affected party regarding those communications. All witnesses testifying will be "sworn" prior to their testimony. However, the public is permitted to comment, without being sworn. Unsworn comment will be given its appropriate weight by the Town Council.

Appeal of Decision: If a person decides to appeal any decision made by the Town Council with respect to any matter considered at this meeting, he or she will need a record of the proceeding, and for that purpose, may need to ensure that a verbatim record of the proceeding is made, which record includes any testimony and evidence upon which the appeal will be based.

Consent Calendar: Those matters included under the Consent Calendar are typically self-explanatory, non-controversial, and are not expected to require review or discussion. All items will be enacted by a single motion. If discussion on an item is desired, any Town Council Member, without a motion, may "pull" or remove the item to be considered separately. If any item is quasi-judicial, it may be removed from the Consent Calendar to be heard separately, by a Town Council Member, or by any member of the public desiring it to be heard, without a motion.

SUBJECT: Acreage assessment by the water control district

DATE: August 10, 2020

The Town Council directed the Town Attorney to review the \$200 per acre assessment previously placed on properties in the Town by the independent Loxahatchee Groves Water Control District “LGWCD” and continued by the dependent LGWCD when the Water Control District became a dependent district of the Town in March 2018 as a result of a special act of the Florida legislature Chapter 2018-175. Some provisions of Chapter 2018-175 are as follows:

- All provisions of the prior special acts of the LGWCD shall become ordinances of the Town, which they are, Chapter 46
- The assets, liabilities, financial allocations, and written contracts of the LGWCD, including all rights, obligations, duties, and relationships now existing by law, easement, permit or agreement, shall be unaffected and remain in full force and effect and shall be those of the district as a dependent district of the Town. All rights, claims, actions, orders, and all contracts of the special district and all legal or administrative proceedings involving the district shall continue in full force and effect under the jurisdiction of the district as a dependent district of the Town.
- To the extent not inconsistent with town ordinances, all resolutions and policies of the LGWCD shall remain in effect until amended, revised, or repealed by the board of supervisors.

The language of the provisions outlined above that are in the special act provide that all of the legal authority that the independent LGWCD had regarding its rights and abilities, such as the imposition of the \$200 per acre special assessment, would be transferred to the dependent LGWCD. This was approved by the Florida Legislature. There does not appear to be any clear case law regarding the transfer of rights and obligations of an entity when it moves from an independent special district to a dependent special district. I have not reviewed the initial enactment (it is doubtful one would be able to determine the validity of something that was enacted many years ago) of the per acre assessment that was enacted by the independent LGWCD, years ago, for drainage and roads (based on the assumption that the roads were needed for canal maintenance), however, given the fact that the assessment has been in place for years it is the assumption that the assessment was correct and that the current LGWCD just stands in the shoes of the prior independent LGWCD.

It also appears that one of the reasons the Town moved the independent LGWCD to a dependent LGWCD may have been to keep the per acre assessment in place. If the Town wanted to impose assessments, for drainage and roadway maintenance, on properties in the Town itself rather than through the dependent LGWCD, it may not be able to impose such assessments based on statutory (F.S. 163.3162) and legal requirements (See *City of Boca Raton v. State*).

Based on the fact that the Special Act, Chapter 2018-175 provided that the dependent LGWCD has the assets, liabilities, financial allocations, rights, obligations, duties, and relationships existing by law as the independent LGWCD and that those items shall be unaffected and remain in full force and effect and shall be those of the district as a dependent district of the Town, it would appear that the dependent LGWCD does stand in the shoes of the independent LGWCD and would have the ability to continue the assessment.

Agenda Item # 3

TO: Town Council of Town of Loxahatchee Groves

SUBJECT: Recommendations from Finance Advisory and Audit Committee (FAAC)

Background:

On August 10, 2020 the Finance Advisory and Audit Committee met to reorganize and discuss the 2020-2021 Town of Loxahatchee Groves' draft budget. During this meeting it was asked that the FAAC members review documents and come to a consensus of recommendations to bring forth to Town Council. Committee recommendations are included in the updated PowerPoint.

Recommendations:

The Finance Advisory Audit Committee and staff asked Town Council to review and discuss.

FY 2020-2021 BUDGET WORKSHOP

Town of Loxahatchee Groves

August 18, 2020

COUNCIL BUDGET WORKSHOP DISCUSSION

- Council's priority to put together a "back to basics" maintenance plan
- ***"Let's not add more equipment if we can possibly use other contracts"***

Find ITID, Northern Improvement District or Lake Worth Improvement District contracts we can piggyback from in order to avoid purchasing/renting equipment and to benefit from their purchasing power since they are so much bigger---putting together a list of contracts we might be able to piggyback
- Establish & implement general maintenance framework for
 - canal bank mowing & aquatic vegetation,
 - road grading & pavement repairs (for the 10 miles of OGEM potholes, etc along with edging and resealing)
 - horse trails
 - nuisance abatement (clearing right of ways, swale repair, removing illegal dumping & retrieving giant tires from canals, etc)
 - towing (for tractor/trailers, cars and other things that end up in canals—even oversized boats)
 - environmental clean up (the oil etc that ends up in canals from the things we need to pull out)

COUNCIL BUDGET WORKSHOP DISCUSSION

- Roads: complete rebuilding road beds for last 4-5 miles
- One time or larger capital items such as the weirs and culvert replacements will need scoping, more detailed cost estimates and as with maintenance programs, to see if existing contracts are in place at other agencies that we can use if possible
- Modify cost sharing policy to add an option where requesting landowners may pay 100% of the costs for desired improvements
- Limit all residential waste collection to 1 cart per property provided and billed by Town via tax roll; additional carts requested and billed directly from hauler.
- Enforce commercial accounts for all non-residential properties and increase commercial franchise fee

POTENTIAL ALLOCATION OF SURTAX FUNDS

- Available funds of \$823,000 require both approval by Council and approval by Palm Beach County Surtax Oversight Committee

Range of Magnitude Cost Discussed *
--

- Projects in discussion:
 - Weirs & related pump station
 - OGEM cut & patch repairs prioritized
 - based on core borings
 - Culverts (2 worst to be selected by PWD)
 - \$210,000 + pump
 - TBD (core borings quote of \$30,000 from engineer)
 - \$250,000 each (last bid range \$300-600,000)
- Requesting TPA grants with matching requirements to be postponed. Currently shown in list of potential future capital as follows:

POTENTIAL ALLOCATION OF SURTAX FUNDS (cont'd)

- Requesting TPA grants with matching requirements to be postponed. Currently shown in list of potential future capital as follows:

Enhancements to the Town transportation system along Okeechobee Blvd. to be completed in conjunction with the County via a TPA Grant beginning in 2021

- Okeechobee Multi-use Trail System	\$	493,000	2021
- Okeechobee and Folsom Roundabout	\$	686,000	2024

The amount above for the ***Roundabout should be \$646,000 rather than \$686,000.*** These agreements and the source of matching funds have yet to be finalized.

FOR FAAC DISCUSSION

- Alternate Service Delivery Models, including reduced staffing at Town Hall & Public Works

- Turnkey v. continued inhouse for remaining 4-5 miles of road base

- Capital Maintenance & Investments

All need scoping, more detailed cost estimates and as with maintenance programs, to see if existing contracts are in place at other agencies that we can use if possible

- Weirs and pump station
- Culvert replacements at Collecting Canal & E Roads
- Core borings, surface repair, edging & drainage for sections as needed for OGEM roads

- Financing Mechanisms

- Borrowing options
- Munilytics draft report

FAAC RECOMMENDATIONS

1. Reserves first - Replenish reserves to 25% levels as recommended by FGFOA guidelines. This is to demonstrate us as a "financially healthy town" as well as for potential future borrowing. All funds are currently well below this level with more depletions scheduled for 2021.
2. No more double counting of expenses - You can't write the same check twice and dedicate the same monies to multiple projects.(Almost \$2 million of projects proposed for 2021 with \$500K to \$750K to fund)
3. Maximize fees and revenue opportunities that already exist within the town - Including but not limited to business tax receipts (still at 50% not collected after 3 years), potential "road user fees", and potential payments in lieu of taxes from not for profits.
4. Use of performance-based contracts - Allows town to incentivize and penalize.
(Mr. Savino provided notes on possibilities for this model)

STATE REVENUE ESTIMATES

OFFICIAL POSITION

- All FY 2020-21 county and municipal revenue estimates have been released by the Department of Revenue's Office of Tax Research based on the official results of the January 15, 2020 General Revenue Estimating Conference and the recent July 17, 2020 Florida Economic Estimating Conference
- Although these estimates are based on the best information available at this time, *local government officials should be very cautious and conservative in their budgeting for the upcoming fiscal year. There is still much uncertainty as to how the effects of the global pandemic will impact state and local revenues in FY 2020-21.*
- New official state revenue estimates will be adopted at the forthcoming General Revenue Estimating Conference, which is currently scheduled for August 14th.

RESERVES AVAILABLE FOR ROADS & INFRASTRUCTURE

GAS TAX

\$50,000 *(projected for 9/30/20)*

- Both 5 & 6 cent taxes to be spent on eligible roads expenditures (5 cent designated for capital spending). By September 30, 2020, total available funds will be \$50,000 based on collecting remaining FY2020 budgeted revenues.

SURTAX

\$822,000 *(projected for 9/30/20)*

- ***No projects designated for Surtax spending since inception in 2017.*** Funds remain reserved until specific projects identified and approved by Oversight Board.
- By September 30, 2020, total anticipated available funding for eligible infrastructure projects estimated to be \$822,000 based on collecting a portion of remaining FY 2020 budgeted revenues.
- Town can expect to receive approximately another \$1,200,000+/- from surtax through its conclusion in 2027 (assuming \$200-250,000 annually or same level of collections expected as thru 2020).

STATUS OF RESERVES IN OTHER FUNDS

GENERAL FUND

\$370,000 *(projected for 9/30/20)*

- Policy is to have 25% to 30% of budget; at 25%, required balance would be \$564,000 and at 30% required balance would be \$677,000.

ROADS & DRAINAGE (DISTRICT)

\$244,000 *(projected for 9/30/20)*

- Policy of 25% of budget would require unassigned balance of \$425,000 based on \$1.7 million budget (excludes OGEM debt service)

SOLID WASTE

\$47,000 *(projected for 9/30/20)*

- Policy is to have 25% of budget; at 25%, required balance would be \$173,000

The above table reflects the Town’s progress towards meeting the target reserve balances of 25% of the operating budgets. In order to meet these targets, each of the funds would require the following millage and/or assessment rate increases:

General Fund	.5640 mills	(exceeds maximum millage rate and requires 2/3 majority vote of Council if levied in a single year)
Roads & Drainage Fund	\$ 25/unit	
Solid Waste Fund	\$ 85/unit	

(All amounts above are range of magnitude estimates and, as they are unaudited except where noted, they are subject to change at any time)

ANTICIPATED REDUCTIONS IN REVENUES DUE TO COVID-19

	FY 2020		FY 2021		TOTAL ANTICIPATED IMPACT

There is no one COVID economic benchmark to use to determine impact of lost revenues; ranges vary from **10% to as much as 50%** and the other great **unknown is the timeframe** for which the impact will be experienced.

The above estimates are based on actual and estimated reduced collections for **last half of FY 2020 of approximately 25%** and anticipated reduced collections for the **first half of FY 2021** resulting in overall lost revenues of **between 20 to 25%.**

Based on the above assumptions, the Town can expect lost revenues of ½ million dollars if COVID vaccine and/or herd immunity is achieved by calendar year end.

Florida Statutes Ch. 298.305 provides for the assessment of lands to pay for the completion of works and improvements as set forth in an adopted water control plan, as well as allowing for a maintenance assessment “as may be necessary to operate and maintain the district works and activities and to defray the current expenses of the district.” The proposed FY 2021 Road & Drainage Non-Ad Valorem assessment for maintenance and capital improvements pursuant to the water control plan would remain at \$200 per unit on approximately 7,798 units.

NON-AD VALOREM ASSESSMENT: *OGEM Debt*

In 2011, the District issued \$2.6 million Special Assessment Note secured by a pledge of assessments of the benefiting properties such that the special assessments will be levied each year in an amount sufficient to pay the debt service (principal and interest payable on February 1st and August 1st) until maturity in 2022. An early repayment of \$340,000 was made in 2020 shortening the maturity to August 1, 2021. Based on total revised annual debt service for 2021 of approximately \$270,000, the proposed per acre rates for FY 2020-2021 are based on the revised debt service schedule provided by Bank United.

The Solid Waste Fund has historically run at a shortfall which until recent years was funded by transfers from the General Fund. Currently, both FY 2020 and the preliminary budget for FY 2021 indicate shortfalls of approximately \$35,000 or \$25 per unit in each year. The preliminary solid waste assessment is proposed at the same rate as in the prior years with the shortfall covered by a transfer from the General Fund.
